

Naturalize Your Shoreline! Help and Money Available

Are you interested in naturalizing your piece of waterfront through planting? The Rideau Valley Conservation Authority's **Shoreline Naturalization Program** provides simple, cost-effective advice and hands-on guidance on how to naturalize your shoreline through planting efforts. The program provides on-site visits by qualified staff, with the know-how to plan, order the plants you need and provide extra muscle for the planting.

Waterfront owners, lake associations, river groups and other not-for-profit groups can all take advantage of this program which provides up to 75 per cent funding (to a maximum of \$1,000) for the planning, purchasing and planting of approved projects. To learn more, or to set up a site visit, contact ANDREA at ext. 1173 or andrea.klymko@rvca.ca.
