

Public Participation Guide

Committee of Adjustment

The Township of Central Frontenac is now conducting all Committee of Adjustment meetings virtually through Zoom. Members of the public will still have the ability to watch meeting proceedings and participate, where appropriate, as detailed below.

How to Participate in a Meeting

Anyone may participate in the Committee meeting and make a verbal statement, and/or submit comments in writing, either in support of or in opposition to an application. If a person or public body does not make oral submissions at the meeting or make written submissions to the Township of Central Frontenac before a decision is made, the person or public body is not entitled to appeal the decision.

Written Submissions

Residents are encouraged to participate in a meeting by providing written submissions. Submission information is available on the Notice of Application and may be forwarded to Crystal Nedow, Development Services Assistant, at cnedow@centralfrontenac.com any time prior to the meeting.

Computer/Smartphone/Tablet (with audio and microphone)

Members of the public will also be able to participate in committee meetings through Zoom. Interested residents can register by visiting the planning webpage on the Township website (available at <https://www.centralfrontenac.com/en/business/planning.aspx>) or by clicking the registration link at the top of the agenda. Registration will be available until the start of the meeting.

Telephone

To participate in a meeting via telephone, members of the public must register by calling 613-279-2935 ext. 258 and leave a message with their name, phone number that they will be calling in from and the application to which they would like to speak; Township staff will then contact the member of the public to confirm their participation and provide meeting details. Registration will close at noon the day of the meeting.

How to Ask a Question During the Meeting

Registered members of the public will be able to provide comments and ask questions during Committee of Adjustment meetings in the same manner as in-person Committee meetings. The Chair of the meeting will open the floor to public comments – any member of the public that wishes to speak will need to click the “Raise Hand” button to request to speak. The “Raise Hand” button is on the bottom middle of the Zoom meeting screen for those joining by computer/smartphone/tablet. To “Raise Hand” when calling in by telephone, please dial *9 (star nine). Once the Chair recognizes a member of the public, the Meeting Host will unmute the member of the public. Once the member of the public is done speaking or the Committee has no further questions, the Meeting Host will mute their microphone.

Disconnection

If you are disconnected from the meeting, please try connecting again. If the entire meeting is disconnected and is not restored within 15 minutes, the meeting shall be deemed to be postponed and staff will contact you about rescheduling your application. A notice will be posted on the Township’s social media if the meeting is postponed or disconnected for longer than 15 minutes.

Troubleshooting Guide

Where is the “Raise Hand” Button

For those joining by computer/smartphone/tablet, “Raise Hand” button is at the bottom of the screen in the Zoom window. If you are joining by telephone, please dial *9.

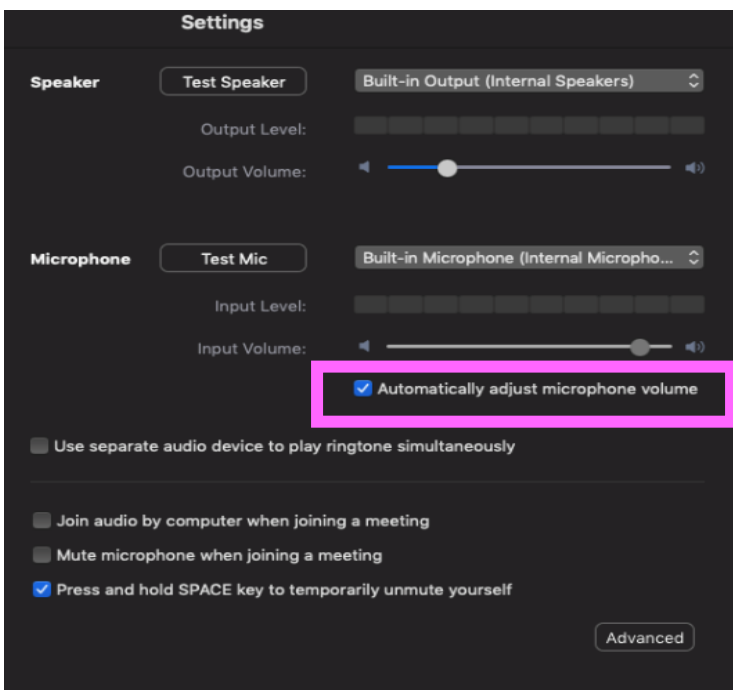

How to Leave the Meeting

After the application has been discussed and a decision made, you may leave the meeting at any time. To disconnect, use the “Leave Meeting” button on the bottom left of the screen.

I Can't Hear the Meeting or the Chair Can't Hear Me

If the audio is not working, please select “Audio Settings” on the bottom right of the Zoom screen. A dialogue box will appear like the one below. Make sure that the check box outlined below in red “Automatically adjust volume” is selected. If it is not selected, check the box. This will ensure that the volume of your speakers and microphone are adjusted automatically by Zoom.

If clicking the automatically adjust volume button does not improve the volume, manually move the speaker and/or microphone slider button until you can hear the meeting or you can be heard in the meeting.

If you are connecting via a smartphone or tablet and are unable to speak, you will need to permit audio controls for Zoom to access your microphone in the audio settings of the phone; please visit settings and then scroll down to the Zoom app to enable this feature.
