Kingston—Due to the current outbreaks in personal service settings, KFL&A Public Health Inspectors are conducting additional inspections at all personal service settings in the KFL&A region. Public Health Inspectors will be enforcing the [Nails and Aesthetic Services Checklist](#). This Checklist is found on the agency's website at www.kflaph.ca/NailsAndEstheticsChecklist/

The Owner or Operator of the personal services setting shall operate the business in compliance with the advice, recommendations and instructions of public health inspectors or designate(s), including any advice, recommendations or instructions on physical distancing, cleaning, or disinfecting.

All personal service settings that provide services relating to the hair or body, including hair salons and barbershops, manicure and pedicure salons, aesthetician services, piercing services, tanning salons, spas and tattoo studios, may open if they comply with the following conditions:

1. No personal care services that tend to a patron's face, such as facials, facial hair grooming or removal or makeup applications, may be provided.
2. Persons who provide personal care services in the business must wear appropriate personal protective equipment.
